

## WESTERN HUDSON VALLEY CHAPTER

### Founding Members Memorial Scholarship

This year we will be granting two new awards:

In memory of John Anello and Bonny Lass.

Eligibility for this award will be based upon nominations received from professional members. Any professional member may nominate an adult or junior rider whom he or she feel meets the criteria as defined below.

The Scholarship is to be awarded to a member that you feel exemplifies a "TRUE HORSEMAN". It is someone who pursues this sport for the love of the horse and only the passion for the animal. This person goes above and beyond for the care of his or her horse, or others' horses; is a source of positive energy in the barn; and would sacrifice for the well being of the animal. Financial need is not a necessary component for eligibility, although it may factor in when deciding the recipient.

Nominations due by August 31. The professional must write a letter about the person and why they think they would be a great candidate.
